buyboiledpeanuts.com. LUCKY!**

**"It is not how much we have, but how
much we enjoy that makes happiness."
~ Charles Spurgeon**

Each order is shipped in 2 x 2 lb. bags. (4 lbs. total) so you can enjoy one now and share one with a friend OR freeze a bag for later if sharing isn't your thing ☺

No need to panic if your shipment arrived a bit late or lost its vacuum seal. The salt and vinegar we use in the cooking process act as a natural preservative. Your peanuts are now ready to eat, freeze or refrigerate. Once you open the package, they are best kept refrigerated and eaten within 7 days.

If you like your peanuts hot from the pot, follow the instructions below:

- Bring ½ gallon of tap water to a boil in a saucepan.
 - Remove peanuts from plastic bag and add to boiling water.
 - Remove saucepan from heat.
 - Peanuts will be warm, juicy, perfectly seasoned and ready to eat in just a few minutes.
- Remove Promptly. Peanuts may lose some of their salty goodness if left soaking in unsalted water.

Like your peanuts **EXTRA Salty or **EXTRA Spicy**?**

Add ¼ to ½ cup of salt and/or peppers (depending on your taste) to vigorously boiling water (see directions above) and let soak to achieve desired flavor.

Like your peanuts **EXTRA SOFT?**

Add salt and simmer (20+ minutes) to achieve desired softness before removing saucepan from heat.

Return uneaten portion to refrigerator to be enjoyed later hot or straight from the fridge.

SHIPPING MISHAPS: Please be advised, shippers don't consider a package to be damaged unless the merchandise inside the outer package is rendered unusable. If this is the case, please contact your local USPS or UPS store accordingly. Some require you to bring in the product for inspection. And don't worry, if they won't make it right, we will.

If you ordered our Spicy peanuts, please be mindful that they are cooked with fresh **Habanero Peppers and touching eyes and such could be quite unpleasant. Please wash hands thoroughly.**
